For Services In The Ancient Empire.

IN CASE OF CHINESE UPRISING

The Navy Is Also Active and Has Directed Rear Admiral Sigsbee's Squadron to Hold Itself in Readiness to Proceed to the Far East.

Chicago, Feb. 15.—A dispatch to the Tribune from Washington, D. C., says:

Thirty-eight thousand men of the regular army are to be mobilized at Manila for service in China in case of an uprising against foreigners in the ancient empire.

The war department has determined to send four regiments of cavalry and seven batteries of artillery to the far eastern islands in addition to the troops already ordered.

The navy also is active, and has directed Rear Admiral Sigsbee's squadron, consisting of one armored and three protected cruisers, to hold itself in readiness to proceed to the far east and report to Rear Admiral Train, commanding the Asiatic fleet.

The navy department also has sent instruction to Rear Admiral Train to take such measures as may seem to him advisable for the adequate protection of Americans and their interests. Gunboat of the Helena class, which have been undergoing repairs at Manila, will be commissioned without further delay and sent to China for use on the Yang Tse Kiang.

Rear Admiral Train has arranged with missionaries living in the territory traversed by this stream to hurry to certain points in case of apprehension of trouble and upon arrival they will be picked up by the men-of-war.

Noted English Preacher Will Be In Atlanta In March.

Atlanta, Feb. 15.—Dr. W. J. Dawson, of London, will visit Atlanta on the third of March, and will deliver sermons twice a day at Trinity on each day during his entire visit. He will be in the city from the third until the thirteenth of March, and will no doubt be heard by many thousands during that time, as Dr. Dawson is noted as one of the leading divines in the entire world.

This is a change from the former announcement of Dr. Dawson's Atlanta trip, as it has been previously stated that he would be in the city on the 17th and stay until the 27th. He will come a couple of weeks earlier, however, and be here from the 3d to the 13th.

Dr. Dawson conducted a remarkable mission service at the Plymouth church, in Brooklyn, where Henry Ward Beecher preached for forty years, and in its comment on that mission, The Brooklyn Eagle said:

"Every young man and every old one who would hear Gladstone or Morley or any of the great speakers of England, should hear Mr. Dawson."

Dr. Dawson has made quite a reputation as a lecturer, essayist and poet, being a remarkable versatile man and is a preacher of power and conviction.

Amazing Story Brought to Light.

Nashville, Feb. 15.—The voluntary bankruptcy proceedings instituted here against the John M. Smith Lumber company, of Nashville, have served to bring to light an amazing story regarding the manner in which something like $300,000 of accomodation paper has been put out and the proceeds used, it is alleged, to float a million dollar lumber corporation known as the F. E. Creelman Lumber and Manufacturing company, of New Orleans. A fight is to be made in the courts, if necessary, to prevent the John M. Smith Lumber company being saddled with the payment of these notes. If successfully resisted, it is stated, the company will be in a position to continue business.

Sparks Fears "Firebug" Band.

Valdosta, Ga., Feb. 15.—Incendiaries attempted to burn the store of Robinson & Whitehurst at Sparks, Ga., and but for the timely discovery of the fire the main business block of the town would have been destroyed. The rear door of the store was found open and that part of the building had been saturated with kerosene oil. A number of disastrous fires have occurred in the place within a few months, and it is believed by the people that incendiaries are trying to burn up the town. The place has no fire fighting apparatus.

A. J. BUCHANAN NOW ON TRIAL.

Columbus Policeman Being Tried For Killing Kirksey.

Columbus, Ga., Feb. 15.—A. J. Buchanan, until recently a patrolman on the Columbus police force, has been placed on trial in Muscogee superior court, charged with murder, and all day long the legal battle which is to determine whether he shall live or die has been waging.

A few weeks ago Buchanan shot to death Morgan Kirksey, claiming that the latter had been trying to ruin his home. Kirksey had been boarding at his residence on North Highlands, and Buchanan ordered him to leave the residence and never return. He returned there two or three days later and Buchanan, who was at home at the time, shot him to death.

In the trial Buchanan was represented by Attorney T. T. Miller, while Attorney A. A. Carson has been assisting Solicitor Gilbert in the prosecution. The state contended that the killing of Kirksey was not warranted by the circumstances.

The police force of the city raised a fund and helped defray the expenses of the trial.

The evidence is all in in the Buchanan case, and it will go to the jury.

Handcuffed Pair Parade Streets.

Chattanooga, Tenn., Feb. 15.—A shackled pair, one of them A. W. Martin, of Spring Place, Ga., and the other W. H. Barnes, the former's prisoner by mutual consent, walked through the streets of the city folowed by curious crowds. They were fastened to each other by a section of trace chain and Barnes, in addition, wore a pair of handcuffs. Martin had gone to Mount Pleasant, Ill., after Barnes whom he accused of stealing a horse and buggy. He had no warrant and no indictment had been found, but the wanted man agreed to come back. The odd pair took a street car to Rossville, on the Georgia line.

Each One Was Fined.

In police court it was shown that both are married, Porter having deserted his wife and children. Mrs. Smith formerly resided here, but recently has been living in Cincinnati. Porter was fined $10 and sent to jail for three months. Mrs. Smith was fined the same sum and sent to jail for two months.

New Albany, Ind., Feb. 15.—George Wright, who claims Cincinnati as his home, is in jail here on a charge of insanity. The man, who was acting in a strange manner, was taken into custody by the police, and will be held until his case can be investigated. It is believed that he escaped from an insane asylum. FIRE IN HOLD OF STEAMER TEXAN

Tons Of Water Pumped Into Ship.

BELIEVED VESSEL IS NOW SAFE

The Entire Cargo of the Ship Has Already Been Surrendered to the Underwriters—Captain Thinks Vessel Will Be Saved.

Honolulu, P. I., Feb. 15.—At 10 p. m. Tuesday the steamer Texan was lying at her wharf with clouds of steam and smoke rising from the after hatch, and tons of water were being pumped into her.

The entire cargo had been surrendered to the underwriters.

Water from between decks, running into the hold, is being pumped out, but it is probable considerable damage has been done to the cargo.

Captain Lyons said that there is absolutely no danger of the vessel being burned. A continuation of pumping will probably result in the slacking of all the lime aboard and then it will be possible to remove the cargo.

Steam is being forced into the compartment containing the fire by heavy pressure, and it is expected that this will save the hull and beams from damage by heat. The smoke pouring out of the hatch has a strong odor of burning lumber. This may come from the barrels containing the lime.

The steamer is probably safe.

Human Skin Used for Purses.

San Francisco, Feb. 15.—Dealing in human skin, stripped from corpses in hospital and college dissecting rooms, tanned and made into purses and articles of wearing apparel, is a grewsome business, said to have assumed large proportions in this city. Two men, who declined to tell their names, but said they were medical students, called on the president of a tanning company of West Berkeley recently, and asked him to tan some human skin. They had two pieces of cuticle, each about one foot square, which they said they wanted made into slippers. The commission was declined and they went elsewhere.

Colonel Graves on Tuesday resigned as editor of the Atlanta News "because he considered that he could not consistently continue his connection with that paper under the present management."

H. Rogers, Jr., son of Mr. Rockefeller's partner. Mr. Rockefeller is said to have boarded the yacht in Savannah, Ga. He slipped away several weeks ago while servers were searching for him to summon him to the oil investigation inaugurated by the state of Missouri. Mr. Rogers is also supposed to be on board the Diana.

THE AUDIENCES STEADILY GROWING

In Number at the National Bible Conference Each Evening.

PROF. BROWN'S ABLE LECTURES

The Rev. George Stuart, Evangelist, Has No Limit to His Able Sermons. Much Enthusiasm Manifested—Prof. Miller Still Speaks Interestingly.

The attendance at the Bible Conference yesterday showed plainly that the interest is growing with each session, and Prof. Brown made the morning hour more interesting than ever. He has a fund of knowledge which he imparts with much clearness.

Afternoon Session.

The audience was large and the meeting most interesting. Prof. Miller in his lectures manifests an interest that keeps the closest attention of his hearers. The music is also inspiring and adds much to the pleased attention of the audiences. No one subject has been so thoroughly explained as his theme of propheeies, and the audiences are most attentive.

Evening Session.

The crowds commenced to arrive early in the evening, and to all appearances the meetings are becoming more and more of an attraction. After singing by the choir and a solo by Mr Bagby, prayer was offered by Rev. Frederick Pasco.

Mr. Bagby then sang "I Know That My Redeemer Knows" very sweetly, and was followed with a prayer by Prof. Brown.

The choir sang during the taking of the offering and the Rev. Geo. Stuart, who seems to improve at each service, delivered one of his powerful sermons as only he can do, to the satisfaction of the large audience. While he puts much pathos and sound logic in his efforts, he has a sufficient amount of wholesome humor to make all listen. He has no poor spots in his sermons or discourses.

Today's Program.

The morning service hour, it being Saturday, will be devoted to rest and private study.

At 3 p. m. it is expected there will be a large audience to hear Rev. Dr. Patton give a lecture on Japan and what he saw there while in that country on mission work.

In the evening at 7:30 o'clock, besides the solo singing and songs by the choir, Rev. George Stuart will deliver his master-piece in a brilliant lecture, which Dr. Strouse regards as the best he ever heard on the platform.

Umbrella Point Stuck in Eye.

Augusta, Ga., Feb. 15.—Everett Barrett, a 15-year-old boy, has been brought here from Langley to be treated for rather a peculiar accident. He and Little Hazel Dalzell were playing when the latter stuck the end of an umbrella in the former's right eye. The sight will likely be lost and the face somewhat scarred.

A DELIGHTFUL AFFAIR.

Miss Mary Streeper Entertained a Party of Friends on Wednesday.

Miss Mary Streeper royally entertained a number of friends at her home Wednesday evening, by a Valentine party, which was enjoyed immensely by everyone present. Some of the latest Valentine games were indulged in, affording lots of fun at the expense of the "victims."

Miss Beatrice Avera was the fortunate one to secure the ring in the cake-cutting contest, while the less fortunate consoled themselves with cake.

The archery prize, after a hot contest, was won by Miss Bell Pedrick, while Miss Kate Evans was awarded the lady's prize for the best proposal, and Larkin Carter the gentleman's prize. At a late hour, after paying their last respects to the capacious punch-bowl and a lingering farewell to the fair hostess, the happy guests made their departure.

In County Judge's Court.

Edward Jones and Joe Tompkins, colored, were arraigned in Judge Mason's court Friday upon a charge of obtaining goods under false pretense. The charge was preferred by J. P. Lynch, the lumber manufacturer of Fairbanks, who stated to the court that the men, while in his employ, obtained goods in advance of their salary, after which they "jumped" their jobs.

In default of $150 bond each for their appearance before the next grand jury the men were committed to jail.

Attorney Robt. E. Davis appeared for the prosecution.

STILL HOLDING COTTON.

Farmers of Alachua Section Want Decent Price for Their Staple.

From reports received from Alachua the cotton in the Alachua warehouse which is being held by growers is yet unsold. This amounts to about 1,200 bales and the growers are determined upon a good price before the staple is released.

A few days ago a committee from the growers of the Alachua section was appointed to secure bids from the various buyers throughout the country. This committee has received several bids, it is understood, but none have been satisfactory, hence none have been accepted. It is understood that the highest price offered has been 17 cents a pound for the highest grades, with other grades in proportion, but this amount was not sufficient to satisfy those who are holding the staple.

The growers do not seem to be disposed to sell their cotton in broken lots, but as a whole, and feel that they will secure a bidder soon at the price they are asking.

Man Past Sixty in Danger.

More than half mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of the prostrate gland. This is both painful and dangerous and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for 20 years, although I am now 91 years old." Injunction Asked for in Famous Strobhar Case Granted.

INJUNCTION TO BE DISSOLVED

Mrs. Daisy Strobhar Will be Permitted to Withdraw the Money, Provided She Gives Bond for Amount in Event Money Should be Given A. C. L.

The Atlanta Constitution of Friday, the 16th inst., contains the following which will be of interest to readers of The Sun:

"The injunction asked for by the Atlantic Coast Line Railroad and the American Surety Company against James Noble Strobhar, Mrs. Daisy Strobhar, the Neal Bank and William F. Manry, restraining defendants from interfering with the $5,000 deposited in the Neal Bank by Mrs. Strobhar, was granted by Judge Pendleton yesterday afternoon.

"This injunction will be dissolved, however, and Mrs Daisy Strobhar allowed to withdraw the money and retain possession of it, provided that she give bond for the amount such as will be available provided the money is at the final trial adjudged the property of the Atlantic Coast Line.

"Some time ago James Noble Strobhar was brought back from Canada to answer to the charge of embezzlement of the funds of the Atlantic Coast Line Railroad. His bond was assessed at $5,000 and this sum was given, his wife depositing the money with the Neal Bank in order to obtain a bondsman. It was claimed by the railroad attorneys that the money put up by her was a part of that taken by her husband."

J. F. Tillman, a progressive farmer of Campville, was in the city Thursday. He reports the farmers about Campville busy with their crops at present.

J. J. Donaldson of Waldo and G. P. Smith of Trenton were among the callers at The Sun office yesterday, who laid on our counter substantial evidence of their appreciation of our efforts.

Sherman C. Weaver has sold to W. E. Webb a lot in North Gainesville 70x100 feet, which is one of the most valuable tracts in that progressive suburb. Mr. Webb formerly resided here and has manifested sufficient interest in the city to invest money here.

Mr. and Mrs. Sam Davis and two children of Juliette are in the city, guests of Mr. and Mrs. Sam T. Dell. Mr. Davis has been engaged in the naval stores business but recently disposed of same. He is looking for a home for his family, and will probably locate here.

Among the recent arrivals at the Brown House is J. G. Snellings of Avoyelle, La., who is here to attend the Bible Conference. Mr. Snellings owns a large plantation in Louisiana. This is his first visit to Gainesville, and he expresses himself as being very much impressed with the city.

Gainesville Lodge No. 968, B. P. O. E., held another of its interesting meetings Thursday evening, which was largely attended. The degree was conferred upon one candidate, a prominent physician, who declares he was never so deeply impressed in his life. The order is growing rapidly everywhere, and Gainesville lodge is no exception.

The work of cleaning up the streets about the city continues, which makes a big improvement in the appearance of some of the thoroughfares. The efforts of the street committee of the City Council in this direction are appreciated. At the present rate it will not be a great while before Gainesville will be one of the cleanest cities in Florida.

J. R. Shaw of Island Grove was among the visitors to this city Thursday. Mr. Shaw states that the farmers of his section are busy preparing crops. There has been extensive shipments of lettuce and beans, as well as oranges, from Island Grove. About [illegible] crates of lettuce, 6,000 crates of beans, and 7,000 boxes of oranges were moved from that station last season, and in some instances lettuce brought as high as $6 a basket.

The excursion to the orange grove of Dr. Schlater at Micanopy Friday afternoon was a most enjoyable occasion, upwards of thirty being in the party that went by the G. & G. train. The grove was admired by all, and one lady from Iowa said it was worth a trip to Florida to see it. Another excursion will be given when the trees are in bloom. All speak highly of the hearty welcome tendered the party by the Doctor and his sister.

Mr. and Mrs. W. E. Dow are rejoicing over the arrival at their home of a bouncing baby boy, who came to make their home happy yesterday morning. As a result Mr. Dow, who is always jolly, was in an extra good humor yesterday morning, and his friends declared that he felt his importance to such an extent that he was not disposed to associate with the "common herd." The young Mr. Dow succeeds Marcus Endel, Jr., as president of the "'Fo' Day Club."

John Welton of Cleveland, Ohio, who has been here for the past few days attending the Bible Conference, left Thursday for Palatka, where he has been called on business. Mr. Welton is a retired merchant, and has been a regular winter visitor to Florida for the past five years, spending his winters on the East Coast. It is his first visit to Gainesville, and he was well pleased with the city and its people. "I regret very much to be compelled to leave so early," he said, "but hope that my business in Palatka will not detain me so long that I cannot make your city another visit before leaving the State."

BOY WAS ASSAULTED.

Norwood Baker Struck by Negro Man, Went Home and Collapsed.

Norwood Baker, son of Mr. and Mrs. P. H. Baker, was the victim of a peculiar assault near the Tabernacle Thursday night. He was on his way home when a burly negro man, he says, assaulted him, striking him with a stick and knocking him to his knees. In a dazed condition the young man proceeded to his home, and upon reaching there collapsed. He was unconscious for several hours, but was enabled to resume his studies at school Friday.

Mr. Baker did not recognize his assailant.

J. C. Lewis Presented "Si Plunkard" to Appreciative Audience.

While the attendance was not so large at the opera house Friday night as might have been under different conditions, those who witnessed the production of "Si Plunkard" by J. C. Lewis and his company were well pleased.

This play has been repeated here for several seasons, but the nature of the drama appeals to the public, and is always appreciated. Mr. Lewis and his company retained the excellent reputation already made, and those who attended have no regrets to make.

The farmer band with this company is one of the best heard here, and is a feature of the show.

It is hard to tell when a boy passes from boyhood to manhood. But some one has said that he has reached that stage when he gets up from the table without asking for pie.

The name of George Stuart, evangelist, is on every tongue in Gainesville, and he has won the people by his able discourses at the Bible Conference. Men in every walk of life take off their hats to him, and the crowds that gather each night to hear him are enthusiastic in his praise. He is setting the think tanks in operation of many people, and he should be heard by all.

And now Mr. Bryan is said to have butted in with his silver tongue over in China and tightened the Chinese boycott on American goods just as it was about to relax, by some unfortunate statement of opinion. Mr. Bryan's fame is so world-wide that he is supposed to speak ex cathedra for the American Government among some of the beknighted nations he is now visiting.—Live Oak Democrat.

If people would keep to the right when walking along the streets there would be less trouble in getting along the sidewalks when crowded. Some people sprawl all over the walk and go first to one side, then the other, and in many instances bring up square in front of you, balance all, and then shoot either way they think suits best. Always keep to the right is the best way and you will never go wrong.

The term of Messrs. Burr and Browne as railroad commissioners will expire with the present year. Their successors are to be nominated at the approaching primary election and there is already evidence that there will be a lively scramble for the places. E. B. THE PEOPLE'S DEMAND.

The question of municipal ownership has been making rapid progress throughout this land, because the corporations which have been shrewd enough to obtain franchises ranging from 15 to 30 years, have taken advantage of their opportunities and bled the people of the cities in which they operate for the absolute necessities.

There are many instances where the people have submitted for years to the payment of exorbitant prices and then found relief in municipal ownership. The advantage of the people owning their own utilities can be readily seen. If the prices are exorbitant, the people by their own votes can remove the cause, but a franchise given a corporation for a period of years places such people beyond the reach of the law and there is no way to get out from under the oppression until the franchise has expired.

There is a tendency all over the length and breadth of this land to test municipal ownership, and wherever it has been fairly tested it has proven a relief. In many instances, however, corporations have dumped old plants onto the cities at an exorbitant price, and in such cases the people have received the worst end of the bargain and municipal ownership a setback.

The Sun only poses as a paper that aims to place the facts before the people in this matter and stand by the will of the majority. The people have voted nearly three to one in favor of city ownership, and it is but right and proper that their demand be complied with. If we are not in duty bound to pay an unreasonable price for a plant, let the municipality receive bids for an outfit and buy of the firm that makes the lowest responsible bid.

The property owners have expressed themselves, and to state we are for the people and favor a corporation, would be a strange way of expressing their desire.

KISS THE BIBLE.

Justice John M. Yirney of New York has abolished in his court the custom of requiring a witness to kiss the Bible when he is sworn. It has never been apparent why kissing the Bible should help a witness to tell the truth and we now have Justice Yirney's statement that is has no such effect. Justice Yirney says it is a desecration tending to bring into common and contemptuous use things which ought to be held sacred. The distinction between a lie and a lie under oath, as if the latter were more depraved, has no foundation in logic or morals. To admit such a distinction is a piece of dangerous casuistry tending to corrupt the common mind. To make it the basis of the law of perjury is to continue the popular belief that legal distinctions have nothing to do with reason and justice.—Portland Oregonian.

THE AMERICAN FARMER.

Farmers of America ought to be thankful that they are not residents of some foreign countries, where they are counted a menial class, where farming is engaged in in the crudest manner, and all work is seemingly performed in the most difficult way possible. Crude implements and teams or no teams at all seem to be the rule rather than the exception. Imagine a man working all day on the sides of a mountain gathering hay, obtaining only a few spears at a time, and at night carrying the gleanings of the entire day home on his back! The farmer in Japan must perform the work of man and beast. The working hours are about sixteen, the labor hard and the fare scanty. Truly the life of the American farmer can be that of a prince if he will only "will" it!

There is more catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally, in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer $100 for any case it fails to cure. Send for circular and testimonials.

The idea is preposterous to erect a three-story school building, where land is so plentiful as it is in many cities in Florida. Orlando's new structure will be a three-story building, and it seems that a sensible plan would be to buy more land and knock off the third story. It is a bad plan to have pupils climb up so high to reach the school room.

Columbia, S. C., Feb. 15.—The senate by a vote of 20 to 15 has decided to strike out the enacting words of the Morgan bill. The action of the senate leaves the dispensary situation practically as it was before. The legislature adjourns Saturday.

Negroes Hurt at Frolic.

Moran, Ga., Feb. 15.—One negro was instantly killed and another seriously wounded at a negro gathering at Lowtown church. The negro killed was thrown by a mule and his neck broken in two places. Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Rear-Admiral Hichborn Praises Pe-ru-na.

REAR-ADMIRAL HICHBORN.

ADMIRAL'S WORDS CARRY WEIGHT.

REAR-ADMIRAL HICHBORN is one of the best known admirals of our navy.

His statement concerning Peruna will have much weight as it goes out into the world.

What he says is echoed by many other naval officers of high standing.

WHAT THE ADMIRAL SAYS.

Philip Hichborn, Rear-Admiral United States Navy, writes from Washington, D. C., as follows:

"After the use of Peruna for a short period, I can now cheerfully recommend your valuable remedy to any one who is in need of an invigorating tonic."—Philip Hichborn.

AN EVERPRESENT FOE.

The soldier and the sailor are especially subject to catarrh in some form or phase.

Exposed as they are to constant changes, subject as they are to various vicissitudes, and all kinds of climate, wet and dry, night and day, they find catarrh to be their most insidious and everpresent foe.

In the barracks and on the field, Peruna is equally efficacious.

Taken at once after exposure, it should prevent catching cold.

PE-RU-NA A RELIABLE REMEDY.

After a cold has become established, Peruna will break it up as quickly as any other remedy known.

Even after a cold has become settled in some organ of the body, Peruna can be relied upon to promptly dispel it.

Peruna will relieve catarrh, whether acute or chronic, but a few doses taken in the first stages of the disease will be more effective than when the disease has become chronic.

If you suffer from catarrh in any form, do not neglect it. Take Peruna at once. Delays in such matters are dangerous.

CHRONIC CATARRH OF THROAT.

"I was troubled with catarrh of the throat particularly, and suffered considerably as a result thereof for a period of about five years, and my general health was affected.

SOUGHT CHANGE OF CLIMATE.

"Three years ago I was forced to give up business, and took up my residence in the Western country, looking for relief in change of climate as well as a change in the method of treatment for my ailment.

RELIEF IN PE-RU-NA.

"After much expense, both here and in the West, I was induced by a friend to try Peruna. I continued the use of it for about five weeks, at the end of which time I returned to New York, both well and happy."—Wm. H. Switzer, 35 E. 33rd street, New York City.

USED PE-RU-NA IN HIS FAMILY.

"I have used Peruna in my family with very satisfactory results for the last two years. Besides I have recommended it to all whom I think are in need of it.

"I urge all who are afflicted to buy a bottle and begin its use at once. I have never heard of any who have used it to be dissatisfied with the results."—Frank W. Harris, box 23, Basic City, Va., member A. F. & A. M.

A TYPICAL TESTIMONIAL.

Mr. J. H. Galbraith, 330 West Second Ave., Columbus, Ohio, writes:

"I have been a sufferer of catarrh of the stomach and kidneys for seven years. Doctors did me no good, and after taking Peruna for six months, at intervals, I believe I am cured. My appetite returned, I sleep well and work every day. I always have it in the house."

No remedy ever yet devised has received such unstinted eulogy from so many renowned statesmen and military men as Peruna.

We have on file thousands of testimonials like those given above. We can give our readers only a glimpse of the vast array of endorsements Dr. Hartman is receiving.

WASHING WITHOUT WATER

So Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

It renders the food more healthful and palatable and is most economical in practical use.

Housekeepers are sometimes importuned to buy alum powders because they are "cheap." Yet some of the cheapest made powders are sold to consumers at the highest price.

Housekeepers should stop and think. Is it not better to buy the Royal and take no chances—the powder whose goodness and honesty are never questioned?

Is it economy to spoil your digestion by an alum-phosphate or other adulterated powder to save a few pennies?
